

Harry Jacobson is Manager of Hill House Christian Centre. Harry was born in Walton, Liverpool in 1949, and his father was a fireman as was his Grandfather. His Great grandfather came over on the ships from Reiga in Latvia bringing timber to Bryant and May in Liverpool-maker of matchsticks.

Harry left grammar school and joined the fire service in Liverpool and in 6 years worked his way through rapid promotion to Station Officer Instructor at the Brigade Training School. He met his wife Chris in 1970 and they were married in 1973 in Liverpool

In 1978 a job opportunity came up in Saudi Arabia which more than doubled his salary and was tax free, which he took exporting fire and safety equipment to the Middle East and went on journeys travelling throughout the Gulf to Kuwait, Bahrain, UAE states, Qatar, Saudi Arabia, selling innovative fire detection and alarm systems.

His son Mark had an accident in 1990 that changed their lives forever and brought them (through his miraculous healing) to know the Lord Jesus Christ as saviour.

Harry got a job back in Riyadh-Saudi Arabia, only this time he was going out as a Christian, and began working with the underground Church, not just in Riyadh but throughout Saudi Arabia. He travelled a lot through Saudi with his job and was able to attend meetings with brothers and sisters in Jeddah, Tobuk, Dammam, Najran, Al Hail etc. Harry did this with his work alongside several wonderful Christians who organised the smuggling of Arabic Bibles into Saudi in their 1000's, which were distributing and giving to Saudi Nationals. They were seeing Saudi's come to Christ and even in 1992 one dear Saudi Brother was beheaded as he would not renounce his faith. This made national news and papers. Even members of the Saudi Royal family are Christians.

In 1998 the authorities caught up with some of them and (30) of them were deported. In 2001 Harry became Manager of Hill House Christian Centre. On researching his family tree on his mother's side Harry discovered that his great grandfather was Jewish.
